

## QUICK OVERVIEW OF CLASSES – Section 13 of the ICSCC Competition Regulations

**Production (Conference Production)** – Sections 1401 & 1402. For production based cars with limited modifications. Cars classed by horsepower to weight

**GT/SP** – Sections 1303 & 1313. Highly modified, often tube frame cars. Cars classed by performance and by engine displacement.

**Improved Production** – Section 1303. Moderately modified production cars. Reference SCCA GCR for allowable modifications and a listing of eligible cars

**Sports Racing** – Section 1305. Purpose built racecars with closed wheels, often open cockpit

**Formula** – Section 1306. Purpose built open wheel race cars. Various classes

**Improved Touring** – Section 1307. Similar to Conference Production. Slightly modified from stock. Reference SCCA GCR for allowable modifications and a listing of eligible cars

**American Sedan** – Section 1309. Class for cars like Camaros, Mustangs, and Firebirds. Reference SCCA GCR for allowable modifications and a listing of eligible cars

**Radial Sedan** – Section 1310. Class for cars that exceed Conference Production specifications

**Super Production** – Section 1313. See GT/SP above

**Club Rabbit** – Section 1314. Class for 1975-1980 VW Rabbits

**PRO-7** – Section 1315. Class for 1979-1985 Mazda RX-7s

**PRO-3** – Section 1316. Class for 1984-1991 BMW 325 (E30 series) cars

**Spec Miata** – Section 1319. Class for 1990-2005 Mazda Miatas

**Honda Touring** – Section 1322. Class for various 1988-2006 Hondas

**Club Spec Miata** – Section 1323. Class for 1990-1997 Mazda Miatas

**Sport Touring** – Section 1324. Based on horsepower to weight ratio. Chassis, brakes, and aero modifications much more liberal than Conference Production/Improved Touring

**PRO44** – Section 1326. Class for 1983-1988 Porsche 944/924 cars

**SE46** – Section 1327. Class for 2001-2006 BMW 330 (E46 series) cars. Reference SE46 website for rules.
