

*I have asked Jeff Zurschmeide to write a short Eulogy about Gary Bockman. Vince*

It is impossible to total up the contributions that Gary Bockman has made to this club over the years. Whether you're talking dollar value or, more importantly, accumulated goodwill with club members and the community, Gary's contributions are everywhere.

Gary came to Cascade to go racing. But he got deeply involved because of the people he met here, and the value he saw in this ongoing, ever-changing group of people. It was to the goals and ideals of the club that he gave so much of himself. He was often the face of Cascade Sports Car Club, and he represented us with pride.

For many racers, it's enough to pay the club dues and the entry fees and enjoy the racing experience. There's nothing wrong with that, but Gary showed that there is so much more you can get from our sport by giving back. In the 67-year history of Cascade, few could match Gary's commitment to giving back. From managing events like the Portland Historics to teaching hundreds – probably thousands – of new drivers, Gary made sure that anyone who wanted to come to the track and enjoy racing could do so.

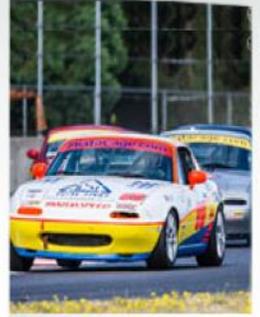

Gary liked to say that PIR was his home. He proved that over and over again. Track managers from Dale LaFollette through Mark Wigginton and most recently E.C. Mueller found that Gary was the most rock-solid supporter the track could ever have. "It will take 100+ hands to do what his 2 hands did," Mueller said. Gary's contributions to PIR range from building safe and comfortable turn stations to refurbishing the bridge, with uncountable other services in between. The track we enjoy now is in great shape because of Gary's personal efforts.

Opening Day, World of Speed Museum. Gary always teaching!

If PIR was Gary's home, it's also a big part of his legacy. As we look at Cascade Sports Car Club, and sports car racing in Portland, the magnitude of Gary's legacy becomes clear. It's the drivers who learned from him and the race officials he cultivated and believed in. It's the physical state of the track, and the reputation that PIR enjoys in the community. We may never know exactly how much of himself Gary gave to our community – but we have his example to follow. JZ

As the longest-serving member of the region leadership, Mary was the institutional memory of the club, and generations of Regional Executives and program leaders valued her wise counsel. At the track, Mary was known for her friendly and efficient work in the Rose Cup Room, registration, and driver services.

More than that, Mary always had a smile and a warm hug for her many friends. She was not shy about telling you how she felt about you, and seeing her was always a pleasure. Outside of the track, Mary was a devoted wife, mother, and grandmother to her family. She passed away on December 25, 2019.

**Approve minutes** Unanimous approval of November Board minutes and email minutes.

### **Committee Reports to Board for 2020:**

**Treasurer report:** Bob Peters: P&L sent to all board members. We should make about \$700 when all expenses are paid for 2019. There is still \$2807 in worker fund and \$170 of lunch cards from 2019. There is still some money to come in, some expenses and some write-offs. The audit committee will be Chris Heinrich, Mark Ling, Skip Yocom and Bob Peters. They will set a meeting. There was discussion on taxes for last year. We held discussion on Transitional School. Vince will let them know we will possibly make up the difference their insurance does not cover for the vandalism to buses. Table giving money until that time when we know the amount. Discussion on charity fund, square and pay pal. Linda and Vince will work on getting vice president signed up on checking account.

**Charity: Dash for Kids:** Signa Verholm: Kim McFarland will get us a generic release for use of pictures with publicity. Signa has nothing to report currently. Her job generally starts in February. She is looking for sponsor for the raffle drawing. She will have a 10x20 tent rather than the big tent we would normally have. The charity is downsized to this.

**Gear Grinders:** Victoria and Monte Saager: Budget approved that they presented for 2020. Richta Competitor App will be used for checkpoints this year. Old checkpoint signs and equipment taken to storage at PIR.

**E-Board:** Chris Heinrich, Dave Dunning, Alt: Chris will take our dates to the E-Board for final approval. It was voted on to make all three races double race: Approved – Charles, Brian, Skip, Bob, Brett and Mark. No – Linda. Abstain – Vince. Chris will take this to the meeting next Saturday. There was discussion on several topics: Insurance, RATs meeting, age for schools. Vote unanimous to make Dave Dunning the alternate to the E-Board. Unanimous vote to not hold drivers training with the Enduro in October.

**Enduro Chairman:** Chris Heinrich: No report currently.

**Race Chairman:** MJ Hajari: MJ will set a meeting of the chiefs. He will also work at getting them to do a short description of their positions. He will work up the race budget for the three double races. The user meeting will be January 27 probably in the evening. Vince and MJ will take care of this. It was 2 abstentions and 6 yes votes to have the Rotary race at the June race as we did last year.

**Drivers Training:** Brett McKown: Unanimous vote to accept Brett's drivers training budget. He will also be planning the instructors training sometime in April. It was also suggested we have membership applications in driver packets.

**Membership:** Steve and Julie Powell: Steve will set up the outstanding membership committee, announce Honorary and Lifetime members at the general meeting where he will also introduce 4 new members.

**Marketing:** Linda Blackburn: Unanimous approval of presented budget for 2020. Working on the Roadster Show and will get the date cards as soon as possible after next Saturdays meeting. Vince got an email from Austin Bradshaw with marketing proposal. We all need to see this and will discuss at the next meeting. Linda is also working on getting some stickers for distribution.

**ROD:** Gail Fetterman: At the Fall meeting we revisited the viability of ROD. Gail will discuss this again after the Spring meeting. Skip asked about a workers handbook and Gail stated it is outdated from 2015. Will we rework this for printing or create one for Cascade. Mark Ling has obtained a date of March 14 for a volunteer greeting at PIR. Skip will help him with this, as most of the committee persons will be at the RATs meeting in Dupont for ICSCC. Mark explained this is more a meet and greet type and we can set trainings for a later date. It was moved and unanimous vote to hold this date even with the conflict with RATs. Every visible point we can make is important.

**Website:** Charles Freeborn: Waiting for confirmation on dates from Chris. The club Google account is up and working. We just all need to learn to use it. Charles has worked hard at this.

**OLD BUSINESS:** We will save for February discussion about ByLaws, Mission statement, more on the Banquet where Kim is looking for new places, SVRA, and anything else we may have missed.

Gail sent flowers to Shirley Atherton when we became aware of his passing.

# Dash for Kids 2020

I am excited to start work on the 36<sup>th</sup> annual Dash for Kids charity event. Please consider helping us make this year even more successful than past years. This is a huge undertaking and **DASH NEEDS YOUR HELP AS SPONSORS FOR THE EVENT, T-SHIRTS, DINNER, LUNCHESES AND RAFFLE TICKET.** Sponsorship levels are \$250, \$500 and \$1000 with benefits, but any amount will help.

**This year some things are going to change.** We sat back and looked at what works and what doesn't. We are going to concentrate on what works (Raffle ticket and Noon Time Rides). Our auction will still be going strong but focus will be on gift cards and certificates. We are not going to auction off household & miscellaneous goods. If you have something you were planning on donating, try to sell on public sites and donate the money to Dash. But if there is just something so unique that our racing community could not live without or you have questions please contact me.

I am looking for volunteers to gathering these monetary or gift cards and certificate donations. I can supply you with a copy of our "Request for donation" letter and 501(c)3 information.

Drivers, it is **never too soon to sign up for Noon Time Rides.**

If you have ideas for the Dash event please contact me. I am looking for interesting activities to add even more fun to this event.

I know this may seem early in the year to start working on Dash but it is a huge project. If I don't see you at our monthly Club general meetings at Stark Street Pizza I will see you at the track.

Thank you for your help and support,

Signa Vernholm

## ATTENTION CASCADE MEMBERS

[ from Linda Blackburn, Marketing Committee Chairperson]

We, Cascade's Board of Directors, are looking for membership, or non-membership help in all areas of the club. If you would be able to give us a small amount of your time, we could use the help in many different areas. The problem is we need to figure out where you want to contribute, what your assets are and what your interests might be. If you filled out the latest application form as a new member, you would **MAYBE** have stated where you wanted to help us. If not, I really would appreciate if you could send me a short email stating where you might be able to help us out. This would narrow the scope of asking members for help. If I knew what area your expertise is or what your other hobbies are, we might be able to work something out where your contribution could really help this club.

So **PLEASE**, if you have an interest in marketing, social media, racing, rallying, social planning and maybe promoting the club in other ways I would like to hear from you. ## High Performance Driver's Education (HPDE)

By the time this is published, many will have already learned that Gary Bockman had taken the checkered flag of life on January 9, 2020. So, I'd like to use this month's article to share some of my memories of Gary. While I didn't get to know him nearly as well as many others have during his time with us, like many, my time with him started with the CSCC Driver's Training ground school many years ago.

I remember sitting in that classroom listening to his every word because, even then, it was clear that he spoke from genuine experience. He had a way of simply teaching the fundamentals of high performance driving, keeping it both entertaining and highly informative. And because of his knowledge and experience, I sat there clinging to every word. I quickly found myself admiring him, and I hadn't even begun to know him yet. He just had that authoritative, fatherly yet mischievous charisma about him that compelled you to want to be around for whatever came next.

A few years later, as I was volunteering at the CSCC enduro, Gary asked if I would be interested in taking over as the Driver's Training chairperson. It hadn't been anything I would have remotely considered doing at that time but having him suggest that I might be a good fit for that role planted the possibility in my mind. Several conversations later with Tracy, the previous chairperson, I found myself taking on this new role, but I still had Gary helping run the classroom sessions for at least that first year. In time, Gary would casually mention that he'd help with whatever I needed but that he was willing to let me teach those classroom sessions if I wanted. Again, here was Gary planting a thought into my head, one that eventually would take hold and lead us to today where I've taken on the role of lead instructor.

Then, after last year's instructor's seminar, Gary approached me with his appreciation for what I've been doing with the CSCC HPDE program. As he

put it, he felt that the future of the program was in good hands and he liked what I've helped bring to it. Little did I know at that time what he was fighting with his health. Little did I know how much it would mean to him that others like me start sharing his same passion and effort to keep motorsports thriving at PIR.

This leaves me with a lot to reflect on as we move forward without him in our lives. I suddenly feel like there's a significant weight that has been put on my shoulders now that he's gone, and I think about what he said to me. The shoes for this role suddenly feel a whole lot bigger and I'm hoping that I don't trip and fall. Regardless, I don't think I would be doing this today if it hadn't been for Gary. I just hope that I do right for him, his memory and his legacy as we continue in his absence.

While I wish I had gotten to know you better, Gary, I think you've lived a fulfilling life that has left its mark on many around you, including me. May you rest in peace but live on forever in our hearts. We miss you already.

# Jan. 2020 Eboard Report

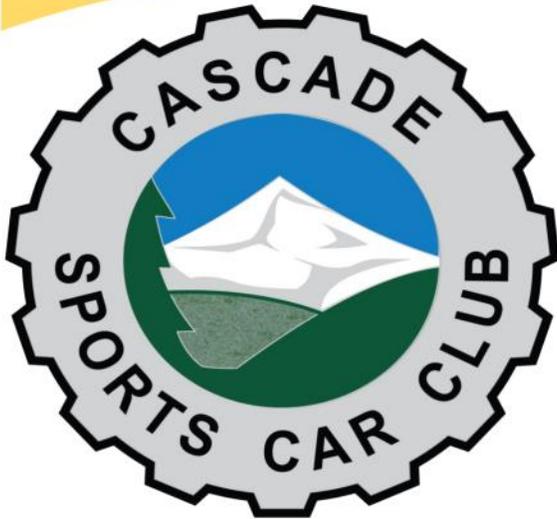

Chris Heinrich, Cascade's EBoard Rep to Conference

It's been a busy couple of months on the Conference front. Exciting changes are coming for 2020 with more planned for 2021!

## THE HIGHLIGHTS:

- \* Double Championship races will be held at all weekends except for Spokane which will be a triple race weekend. The 2020 ICSCC schedule is nicely spread out with no back to back races.
- \* The Northwest Mini Enduro Championship Series is shaping up to have three 2 hour mini enduros and five 1 hour mini enduros. The schedule should be finalized in February.
- \* A new Enduro License was approved. This will let drivers with prior racing experience compete in races at least one hour in length. Drivers will submit their application to the ICSCC. License Director who will review and determine whether a driver has enough experience to warrant the license. It's only \$25 per year for the license and at this time a physical won't be required.
- \* The way the Contest Board works will be different. The way it worked before was that each club has a certain number of licensed drivers and that number was how many votes each club took to the meeting for the Rules changes. For example, if 15 drivers attended the club meeting but the club has 100 drivers, then if a rule passed lets say 8 - 7 then the club would take up 100 "yes" votes. With the **new way**, if 15 drivers attended the meeting and the rule passed 8 - 7, then the Contest Board Rep would take up 8 yes votes and 7 no votes. The main reason for this change is that previously one club had enough drivers to pass any rule. It'll be interesting to see if this new change creates anymore interest in the rule change process as now your vote truly counts!

February 2020

The 2020 Cascade Geargrinders road rally season offers a full calendar – rally school, five Saturday rallies, Mountains to the Sea, a game / gimmick rally, and Ghoul's Gambol. Online registration will be available prior to each event.

Cascade's time-speed-distance road rallies are conducted in accordance with the Road Rally Rules published on the Cascade Geargrinders website. The rules may be modified by supplemental rules specific to an event.

All 2020 Cascade time-speed-distance road rallies will use a state-of-the-art method of timing and scoring road rallies. Each rally team must have a cell phone (or other smart device) running the "Competitor - Richta GPS Checkpoints" app in order to participate.

Check for updates: <http://www.cascadegeargrinders.org/>

## Feb. 15 - Gear up with Rally School

Get ready for the 2020 rally season with Cascade's road rally school and rally. Rally School is for anyone interested in running Cascade time-speed-distance road rally events. No road rally experience needed.

The rally school class starts at 10 a.m. at the North Plains Senior Center, 31450 NW Commercial St., North Plains, OR 97133. Plan to arrive a bit early to check in and pick up your materials.

We'll review Cascade time-speed-distance road rally rules. And we'll get familiar with the GPS timing app that simplifies scoring and gives you nearly immediate feedback. Give your new knowledge a test drive with a practice rally starting about noon and ending a couple hours later at the Helvetia Tavern.

Entry fee is \$20 per car for CSCC members, \$30 per car for non-members. Entry fee includes classroom session and practice rally.

### Schedule:

- 10 a.m. to noon - Classroom session at North Plains Senior Center
- noon to about 2 p.m. - Practice rally ending at Helvetia Tavern

Entry requires a street-legal vehicle with licensed and insured driver and navigator. Each entry team must have a smart device (e.g., cell phone or tablet) capable of running the Competitor Richta GPS Checkpoints app in order to participate. Instructions for downloading and using the Richta app will be provided during the rally school. The Richta app will be used for the practice rally.

To be the best you have to learn from people more knowledgeable than you and who are willing to share that knowledge

## “THE SECRETS OF GOING FASTER AND RACING TO WIN, REVEALED IN JUST ONE JAM-PACKED DAY”

After trying to learn to drive ovals, Helio Castroneves, three-time Indy 500 champion, writes in his autobiography, “My confidence behind the wheel has evaporated.” Steve Horne, owner of Tasman Motorsports in Indy Lights, to Helio, “You have talent, that is clear, but something is wrong in your head and we’re going to fix that.” Steve sends Helio to see Jacques Dallaire, owner of Human Performance International, in Florida.

Upon completing the training, Helio wins his first race back in the car. “Then I call Jacques . . . You were right, It is unbelievable what the mind is capable of. Once my mind shifted, my ability shifted. I really can’t thank you enough.” “Helio, all I did was give you the tools,” Jacques told him, “You should be thanking yourself.”

On **Saturday, February 8, 2020**, Jacques is going to give you the tools to mentally become the winner you know you are. This training will apply to racing as well as your business and personal life. Jacques will be joined by **Ross Bentley**, one of the highest paid driving coaches in America and **Jeff Braun**, professional race engineer, to share their knowledge to propel you to the front of the grid and on to the winner’s podium. In one single action-packed day.

### What you will learn:

**Jacques Dallaire** – will ask and answer two questions that are critical to your racing success

- How do I mentally sabotage my own performance?
- How can I learn not to?

**Ross Bentley** – will show you how to improve your braking and corner entry

- These skills will enable you to lower your lap times

**Jeff Braun** – will explain the perfect race car set up and how to find it

- Learn how to set up your car for better handling, to drive faster with more control

Additionally, **Dan Davis**, former Director of Motorsports for Ford, will be your special lunchtime guest sharing stories about his career and the people he worked with including Carroll Shelby, John Force, Dale Earnhardt, Tommy Kendall, Michael Schumacher and many more. His stories and insight will leave you laughing and with unforgettable memories.

**Seminar includes** all speakers, access to the speakers for private consultation, a scrumptious hot lunch, an opportunity to shop for racing products you need at prices too low to advertise, a goodie bag filled with valuable racing information, free gifts and so much more. **Registration fee is \$297**.
